* Read the following passage and choose the best answer for each of the following questions (1,25 points)

My parents had a very different upbringing to what I have today. It's like we grew up in parallel universes. They were from Ireland, and grew up in secure homes, in the middle of the countryside with no cares in the world. I live in inner-city Birmingham, and with peer pressure, school stress and lots of other things to deal with, I think that I have a much tougher life than they had.

Times have definitely changed. We have a lot of responsibility as teenagers, and we have to act like adults. It depends on where you have grown up and who you hang around with, but I think most people start drinking alcohol around the age of 13 and lose their virginity around the age of 14. There isn't a definite age that most people try drugs. I am nearly 16 years old and I have never tried any, but I know plenty of people who have. This really depends on who you hang around with and how much will-power you have to say no.

I think that a lot of teenagers are discriminated against wrongly by adults. A few days ago, I was on my way home in a rush because I was late. It was very dark and I was running. I ran past a middle-aged woman, and as I went past, I brushed her shoulder. She let out a scream and grabbed a tight hold of her handbag. I found this really funny; she thought I was going to mug her.

Most teenagers have part-time jobs, which creates responsibility and the premature need to behave in an adult way. I've been working since I was about 13 (I look older than I am, and can lie about my age) but most teens start at around 15.

We need to have a certain level of trust put in us. We need to feel wanted and important, and not constantly targeted and victimized by the media. After all, if the media is constantly attacking teens and branding them as thugs, then that is the way we will act.

20. The word "us" in the passage refers to ____.

- A. media B. teenagers C. people D. adults

21. The phrase "hang around with" in the passage mostly means ____.

- A. coming from the same family B. being friends with C. sharing the same class D. going out with

22. According to the writer, all of the following describe his/her parents' life EXCEPT ____.

- A. more carefree than his/hers B. more stressful than his/hers
C. more secured than his/hers D. much easier than his/hers

23. Which of the following is NOT TRUE about the writer of the passage?

- A. The writer has to try to behave in an adult way. B. The writer has never tried drinking alcohol or taking drug.
 C. The writer is not responsible for what he/she does. D. The writer is in his/her teenage.

24. The passage is most likely to be taken from ____.

- A. a teenager's diary B. a magazine for successful teenagers
C. a study on teenagers doing part-time work D. a teenager's essay on generation gap

* Choose the underlined word or phrase (A, B, C or D) that needs correcting (1 point)

25. Unless you keep a map, you're sure get lost in the city.

- A. keep B. Unless C. get D. sure

26. Children become more independently as they grow older.

- A. grow B. older C. more independently D. become

27. It is his dishonesty which I dislike the most.

- A. It is B. dislike C. the most D. which

28. We shouldn't make an appointment with this doctor. You can see him whenever you want.

- A. with B. shouldn't C. want D. can

* Rewrite the following sentence so that it has the same meaning as the given one (1 point)

29. Crossing the red light is against the law.

You *mustn't cross the red light / are not allowed to cross the red light*
